The following sketch of a sermon preached by the Rev. J. C. Frey in our College Chapel, was furnished for the Index by our particular requeste "THE PLEASURE OF THE LORD SHALL PROSPER IN HIS HANDS." ISAIAH 53: 10.

I. Salvation of sinners the peculiar pleasure of Jehovalt.

H. This pleasure of the Lord shall prosper.

-The second of these propositions is the subject our present discourse. To confirm this truth I would remind you

1. Of the stability of the covenant between the Father and the Son. The work of redemption was committed to Jesus. To encourage Him in this work the Father has made many promises to his Son. One of these promises is, that He should have a oumerous seed. None will doubt that Jesus thoished the work as a faithful servant; nor dare we doubt that the Father will faithfully perform His promise. Hence said the Saviour, "all that the Father has given-unto me. shall come unto me." The salvation of sinners therefore must prosper. There is nocontingency or uncertainty in the matter.

Whilst not half a century ago multitudes could nether read nor write, in but a short time no such instance will be found. But the Lancasterian system was brought into general use in England. Satan, as fan angel of light, suggested that this system excluded religions education. Well, said the pions and prudent christians, let Lancaster teach the. children six days to read, write, &c., and we will teach the children religion on the Lord's day. Then a mighty impulse was given to the infant institution of Sabbath schools. By this noble institution multitudes of dear children have been taken from the streets and led to the sanctuary-have ceased from doing evil and learned to do good; and eternity only will disclose the in-

The Committee to whom was referred th proposed union with the South Carolina Con vention in Theological Education reported That the union of these States alone is imprise ticable. They recommend to the Convention, and to their brethren in other States, to consider, whether a union of all the Southern States may not be advantageously formed. The Convention recommended to the churches the objects of the American Indian

Association, resolved to become an auxiliary, appropriated \$200 to the augmentation of its funds, and appointed two delegates to attend its Anniversary, at Louisville, Ky.

A full discussion of the course pursued by the American Baptist Board of Foreign Mis. sions, in Boston, was had; after which, among other resolutions the following was passed: "Resolved. At the same time, these churches passed resolves, containing the warmest expressions of confidence and regard for Mr. Lauimore, both as a man and as a christian, commending him to the christian community. for his "christian spirit, dignity of deportment, zeal in the cause of the Redcemer, and the abundant success attending his labors." The Board of the Baptist State Convention of Mississippi, also appointed him as General Agent, for their body. MISSISSIPPI BAPTIST STATE CON-VENTION.

This body met at Mound Bluff Church-Madison county, on the 26th ult., and adjourned on the 31st. In the absence of official information, we give rome extracts from a private letter of an esteemed sister in attendance, to her daughter, a member of the Judson sister to pardon the liberty we take.

"Our State Convention adjourned last Wednesday, about 12 o'clock. There were about nix'y delegates in attendance. Br. Lattimore, you recollect, was appointed to preach the Introductory Sermon, but did not arrive in season. His health is very bad. His phys sicians forbid preaching at all, while in his present low state. I cannot express the feelings I had when he entered the house, and I » marked his feeble, but dignified step; his sad, pale, yet noble countenance, whereon sat hu mility and resignation. And whenever he spoke, his love for his Heavenly Master, his zeal for the cause of truth, was manifest. felt that he is a persecuted man. 1 felt too, that he might soon sink to rest; that his struggling spirit might soon be freed from all care and sorrow; and then would rise on the wings of faith and love to Hm who seeth not as man sees, and judges with righteous judgment. The Convention spent a few moments in prayer for his recovery. . It was sweet to join so many beloved brothers and sisters, in sending up our petitions for the afflicted one.

"The Introductory Sermon was preached on day, Br. Nelson, of Covington, Ky., delivered. a very interesting discourse on Education .-On Sabbath we had two excellent Missionary Bermons, one from brother Anderson, the other from bro. Haywood, of Holly Springs.

"On Wednesday evening, brother Buie was solemnly set apart to the work of the minis try, with prayer by brother Granberry, and the imposition of hands. Sermon by brother Micue: Charge' by brother N. N. Wood; Bight Hand of Fellowship, by brother Anderson. The services were deeply interesting and impressive."

LETTERS TO A UNIVERSALIST. NUMBER IX.

It has been said, very justly, that "next to the being of a God, the doctrine of the immortality of man, lies at the foundation of port. The receipts for the year, ending all religion, and of all the animating prospects, which can cheer us in the land of our pilgrimage. Remove from the mind the beief of future existence, and the hope of immortality, and religion becomes a shadow, life a dream, and the approach to death a scene of darkness and despair." Nay; "if his whole existence is circumscribed within the circle of a few fleeting years, man himself is an enigma, an inexplicable phenomenon in the universe, human life a mystery, the world a scene of confusion, virtue a mere phantom, the Creator a capricious being, and his plans and arrangements an inextricable maze."

But what do Universalists teach, in regard to these sublime and interesting truths--the immortality of man and a future state?-They deny the one, and doubt the other. I doubt not, that the citizens of Wetumpka, Ala., will long remember the sentiments. which Mr. Shehane of Geo., recently expressed on this subject; and the reply of his opponent, Mr. Chapman: how (in substance) he regretted his disappointment in his opponent, Mr. S .- that he had thought, he was discussing truth with a man who stood on a level with other intelligences, but regretted to find, that his time was being lost upon one, who claimed no pre-eminence over an "opossum."

Were Mr. Shelmne, however, the only man in the denomination who advocates such a sentiment, I should not set it down as a peculiarity of Universalism. But let us hear what others of more celebrity have said on this subject. In his "Letters to Hudson," (p. 243,) Mr. Balfour says, "I travel through both the Old and New Testament, in search of evidence for your immortal soul, but I can find none.' What do you think of this? Is it not wonderful? But hear again. Mr. La Fevre, one of the late editors of the "Gospel Anchor," (p. 244,) says, "we have no reason to believe in the immortality of the mind." "We have given considerable attention to

ly denominated Quaber. 2d, from the credit which the Jews believed, that the spirits of the dead were summoned back to the present scene of existence." You will notice that according to our learned anthority, the Heb. Juaber, and not Sheel was employed

the Jews to represent the simple idea of burial or interment of the dead body. That Sheol was considered rather the distinct residence of the Spirit; and hence he adds, " the belief of the ancient Hebrews, on this subject was, that the Spirits of the dead were received into Sh ol, which is represented as a large subterranean abode." (Jahn's Archology P. 376-7.) (vide also Robinson's Heb. Lexicon apud Sheok)

It would seem therefore, according to the judgment of the learned world, that the usus loquendi of both Sheol and Hades, sustains the idea of a sentient existence to man, between death and the resurrection ; and also that while indefinately they mean the grave ; as the word man includes both soul and body, it off. they have also a definate application to the residence of departed Spirits and that this in their more proper and legitimate use.

Of remember he is young and tender -- it is the only thing for which I care to live' -she paused and struggled to subdue her feelings; 'will you promise me, Charles?'

SINCE the commencement of this work-new the most popular juvenile periodical extant-it has ever been the aim of the publishers to make it deserving of the liberal encouragement which has been ex. tended towards it; and its subscription list evinces that their efforts have been appreciated by the public.

On the first of January next, a new volume will mmence. The character of the work will not be changed. Its design will remain the same, and the ablishers would assure their patrons and the public that their efforts will be unceasing to render it worthy of being a companion for the young. To plant the the London Pictoral Bible, which solls in this seeds of morality and truth in the youthful heart, to instil virtuous principles and motives into the mind, to aid in the formation of character, to cultivate a taste for knowledge and improvement, and , with instruction to blend pleasure and amusement. - these have been, and will continue to be, the end and sim of the work.
