# Dr. Price's Cream Baking Powder

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. The verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Wash ngton, D. C., who made an elaborate examination and test of all the baking powder. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question, and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

NOTE-The Chief Chemist rejected the A um Powders, stating to the World's Fair jury that he considered them unwholesome.

DR. PRICE'S CREAM BAKING POWDER is the standard for purity and perfection the world over, and is beyond comparison. Its purity and goodness are household words. Always full weight. Never varies. Never disappoints.

Dr. Price's is peculiarly adapted for export, as neither long sea voyages nor climatic changes affect it. Will keep fresh and sweet for years.
