This is a worthy cause, and every the second payment?

Accept None of the Pretended Substitutes

DECAUSE inferior and cheaper made baking preparations are O sold at wholesale at a price so much lower than Royal, some grocers are urging consumers to buy them in place of the ROYAL at the same retail price.

If you desire to try any of the pretended substitutes for ROYAL BAKING POWDER bear in mind that they are all made from cheaper and inferior ingredients, and are not so great in leavening strength nor of equal money value. Pay the price of the ROYAL BAKING POWDER for the ROYAL only.

It is still more important, however, that ROYAL BAKING POWDER is purer and more wholesome and makes better, finer, and more healthful food than any other baking powder or preparation.

The government appointed a pecial committee to investigate the eration of food in the U.S. This committee has made a report which states that they have discovered adulterations which amount to more than one billion a year. The report goes on to say that the United States "occupy the unenviable position of being one of the very few countries that fail to require by law the proper branding of manufactured food and drugs."

Mix all the ingredients except the vanilla, and stir over the fire until the sugar is dissolved; then boil without stirring until it hardens when dropped into cold water. It must not be brittle. When done, turn out on a greased plate or marble slab; pour over it the vanilla; when nearly cold, begin to pull, and pull continuously until it is perfectly white.
